**RE: MONTHLY GAME PAYOUT CALCULATION**

This Letter pertains to GLI Europe B.V. (GLI)'s Game Payout Calculations for the production game play log files gathered from the bet365 Casino (<http://casino.bet365.com/>) Internet Gaming System for the period of 01 January 2022 to 31 January 2022.

GLI's Game Payout Calculations resulted in summary payout percentages for the listed game categories:

<b>Game Type</b>	<b>Calculated Payout Percentage</b>
Slot Machine Games	95.67%
Table Games	96.76%
Card Games	95.47%
Video Poker Games	97.26%
Live Dealer Games	97.34%
<b>Overall (All Games)</b>	<b>96.72%</b>

These values do not reflect the payout percentage of any individual game. Instead, they represent the payout percentage over all games within the category. These values are based on historical records, and do not necessarily represent expected future payouts. The Calculated Payout Percentage is computed by summing all monies won (for all games within a category) and dividing by the total money bet on the same games.

GLI's Game Payout Calculations were limited to the game play log files submitted by Playtech (Cyprus) Limited, and reviewed by GLI in the laboratory environment. For verification purposes, GLI has maintained a control version of these files. The Scope of Work for GLI's Game Payout Calculations did not include a technical assessment of the bet365 Casino Internet Gaming System or the associated Information Systems (IS) and financial controls.

This report is only intended for recipients authorized by GLI. Please visit [gaminglabs.com](http://gaminglabs.com) to view the applicable terms and conditions and GLI Product Certification Scheme. If the recipient does not agree to all of such terms and conditions or GLI Product Certification Scheme, GLI withdraws the certification or analysis established by this report and the recipient must immediately return to GLI all copies of this report and make no reference to this report for any purpose at any time.
